Texas Speech Communication Association

RE: Katrese Skinner

Dear Texas Speech Communication Association:

I have had the privilege of inheriting a campus with phenomenal teachers. As I reflect on what has made this campus one of the best in the region, I look to none other than Katrese Skinner, one of the best educators in the State of Texas. Where high stakes testing has intimidated most, Katrese is one that welcomes any challenge placed in front of her. She is absolutely amazing and I wish I could put into words what she means to people. Unless you've had the opportunity to meet her, you wouldn't understand how much of an impact she has on people. I've been in education for 20 years and have observed several teachers and lessons. I can honestly say that she is by far one of the best I've seen. She connects with people and builds relationships that are everlasting. She has very high expectations and is unbelievably intelligent. I am on the Board of Directors for principals here in Texas, and 2 years from now I will be the President of our 6000 member association. I said that to say this, when asked what motivates me during my interview, I answered teachers, teachers like Katrese that push through the extremes and create new heights for success. She has no ceiling to her success. There are people that are unbelievably intelligent with unbelievable work ethic and unbelievable people skills. Then there is Katrese who encompasses all those traits and more. She has the immeasurable "IT FACTOR" because what she possesses will set her apart from any other applicant your association has ever seen. I recommend her in the highest regard. She is a difference maker that will change every life she touches. She is that amazing. Whatever your decision, please accept my sincere thanks for your time and consideration of my recommendation.

Sincerely,
