SPECIAL EVENTS

Welcome to Allen and TSCA 2025!

...and a big Happy Birthday to TSCA! What an incredible milestone it is to celebrate 100 years together. Over the past century, our organization has been shaped by giants who left a lasting impact on this profession we love. Their work reminds us of the continuing importance of speech communication for every student. Texas has produced so many leaders and pioneers in this field, and today we not only honor that history—we also look forward with excitement to the future we will build together.

When I was thinking about a theme for this convention, I kept coming back to how challenging our work can be. Whether it's navigating a shifting legislature, connecting with students facing unique circumstances, or doing our best with limited resources, the life of a speech educator is anything but simple. Yet, we know just how powerful our work is. We teach theory, application, and skills that employers consistently say are the most valuable qualities in future leaders. That truth keeps me inspired. My hope is that as we face today's challenges, we also find new and creative ways to serve our students, our organization, and our profession.

In my 17 years of teaching, TSCA has always been a place of support. This association has given me mentors, colleagues, and friends who help me navigate the hard parts and celebrate the victories. Together, we can continue to equip our students with the skills they need to think critically, speak confidently, and change the world. And at the heart of it all, we remember why we show up every day—our students.

I am so excited for this year's convention. I'm deeply thankful to everyone who made it possible—the panel organizers, our speakers, and all of you who bring the energy that makes TSCA feel like home. A special thank-you goes to Vice President Jeremy Hutchins for curating this year's convention and putting together this program with such care. I also want to recognize M'Liss Hindman for her tireless work as our Convention Coordinator—she keeps us all moving forward!

For me, TSCA Convention has always been a chance to recharge. My hope is that you walk away with something useful for your classroom or team, and that you leave feeling encouraged about the work we do together. As my time as President comes to an end, I can't thank you enough for the support you've shown me. This role has been one of the greatest honors of my career. I have learned so much, and I leave energized knowing I've had the privilege of working alongside the very best educators in Texas.

Here's to celebrating 100 years of TSCA—and to the next 100 still to come.

Rory McKenzie
TSCA President

Welcome to Allen, Texas!

On behalf of the Local Arrangements Committee, it is my privilege to welcome you to the 2025 Texas Speech Communication Association (TSCA) Convention in Allen, Texas. We are pleased to host this year's gathering at the Marriott Dallas Allen Hotel & Convention Center, located in the heart of Collin County, just 25 miles north of downtown Dallas.

Allen offers a range of amenities for our attendees, including convenient access to major highways, a variety of dining and shopping options, and venues that are well suited for both professional meetings and informal networking. The city's proximity to Dallas–Fort Worth International Airport and Dallas Love Field provides multiple travel options for members arriving from across the state.

This year's convention theme, "Navigating Complexity," reflects our shared commitment to addressing the challenges and opportunities facing communication educators, coaches, and professionals across Texas. Over the next three days, participants will engage in sessions designed to strengthen curriculum, share instructional practices, and build professional networks that support the advancement of our field.

We encourage you to take full advantage of the scheduled programs, interest group meetings, and networking opportunities. We also invite you to explore Allen during your stay, from its local cultural attractions to the nearby Watters Creek development, which offers additional dining and gathering spaces for colleagues and friends.

Thank you for your continued dedication to advancing speech and communication education. We look forward to a productive and rewarding convention.

Hannah Rodriguez
Local Arrangements Chair

FROM OUR HOSTS

FROM THE VICE PRESIDENT

Hello! And welcome to the 2025 Texas Speech Communication Association Convention! I am proud to have served as this year's convention program planner and **using your amazing submissions** I think we have put together a diverse, engaging, and enlightening set of offerings. I am excited to attend your panels, to hear your ideas, and to listen to your feedback about the convention. Most of all, I am excited to celebrate the organization's 100th birthday with you! I'm told there may even be cake!

This year we welcome two special guest speakers to the convention. First, we are proud to celebrate the work and success of an award-winning actor, singer, producer, and social justice advocate. Denise Lee, CEO of Visions for Change, Inc., is the 2025 TSCA Communicator of the Year and I hope that you will join me at the luncheon on Friday to hear her speak. Second, the Texas Forensic Association and TSCA are excited to sponsor the attendance of Jarod Russell, a former public educator who now works as a school law attorney. On Saturday, he will present two sessions on how to navigate the complexities of communication education in Texas. The first session is a spotlight event which will give everyone a chance to attend.

Of course, convention also gives us the opportunity to celebrate our membership, so I know you won't want to miss the President's Reception on Friday night. Not only will we express our gratitude to Rory McKenzie for his outstanding service to the organization, but we will also recognize our Educators of the Year, the Top GUSSC Student Paper, Memberships Milestones, Service Award winners, and Interest Group honorees.

Some may notice that Interest Group sessions have been given more time in this year's schedule. I hope you will take advantage of this by talking about next year's theme (Communicating for Collaboration: Collaborating for Change), brainstorming panel ideas, and generating feedback on ways that TSCA can better serve you. Interest Groups are critical to the success of the convention, and I want to thank those that have served so diligently as chairs. This event simply would not be possible without your efforts.

In addition to participating in Interest Groups, I want to encourage you to attend the general sessions, district meetings, and your respective committee meetings. This is where you most directly influence the future of TSCA. You can vote on bylaws changes, elect leadership positions, and provide your expertise and input on organizational business. And, if you want to be on a committee during the next year, please let me know. We always need energetic and dedicated people to serve. Most importantly, if you are a new member, don't miss the orientation on Thursday! That's the best way to get started.

Finally, let me say **"thank you" to everyone in the organizational leadership** who helped me this year. Special thanks go out to Rory, VP-Elect Heather Soltero, the Local Arrangements Committee chaired by Hanna Rodriguez, and M'Liss Hindman, Convention Coordinator. When navigating the complexity of the TSCA program and convention it takes a lot of help from a lot of smart, dedicated, and caring people. Luckily, there's no shortage of those folks here.

I hope that you enjoy your time at convention. I hope you reunite with old friends and make new ones. I hope you have amazing experiences that will make TSCA's next century as memorable as the last. And I hope that you will learn a communication strategy or two that make your future navigations less complex!

TSCA CONVENTION 2026

October 7-10 in Rockwall, Texas

Call for Panels

Communicating for Collaboration: Collaborating for Change

The Texas Speech Communication Association invites your submissions for its 2026 convention that will be centered on the theme of “Communicating for Collaboration: Collaborating for Change.” In an environment that feels dominated by intransigent polarization and contentious public discourse, we seek to advance scholarly conversations on the centrality of communication to collaboration across interpersonal, organizational, and societal contexts. In part, the purpose of the theme is to remind us that it is through communicative practices that people negotiate shared meanings, sustain coalitions, and enact transformative change. To that end, possible areas of inquiry include, but are not limited to:

- Coalition building across communities, disciplines, and institutions.
- Relational skills and practices needed for impactful collaboration.
- Collegiality and professional collaboration in academic/organizational settings.
- The dynamics of team teaching and co-learning in educational contexts.
- Interdisciplinary academic alliances and cross-institutional partnerships.
- Organizational practices that facilitate or constrain collaboration.
- Performative approaches to building/sustaining collaborative relationships.
- Barriers, tensions, and ethics in collaborative communication.

We welcome a range of formats, including presented papers, panel discussions, and short courses. We also welcome performance panels addressing the convention theme.

Submissions should be made through an Interest Group Chair or sent directly to Heather Soltero: heather.soltero@amaisd.org. A complete call will be available online at www.etsca.com.

Deadline for Initial Program Panel Submissions: April 15, 2025

A02 Teaching Taylor Swift: Using Popular Culture to Teach Communication Studies

Room: The Percolator

Sponsor: Instructional Development in Colleges & Universities

Coordinator: E. Michele Ramsey, Penn State Berks

Chair: E. Michele Ramsey, Penn State Berks

Taylor Swift is a global entertainment phenomenon like we've never seen before. This panel will discuss each panelist's experience with teaching and researching Taylor Swift. Popular culture is important to teach for a number of reasons, but the most important reasons are its ability to engage students in course content using something they are interested in and the fact that ideology is most powerful when its least visible and popular culture is chock full of ideologies. This panel wants to engage people in a discussion of how we used Taylor Swift in our classrooms and our experiences in doing so. We want to then open up discussion to others who may be interested in teaching Taylor so that we can all inform and challenge each other as we prepare for another round of teaching the class, continue our research into Swift and/or start thinking about what we might do to teach Taylor.

Presenters: E. Michele Ramsey, Penn State Berks
Emily Maly, University of North Texas
Ryan Galloway, Samford University

A03 Roundtable with the EC

Room: Starlight I

Sponsor: Texas Forensic Association

Coordinator: Jenn Melin, Team Texas

Chair: Nathaniel Council, Pampa High School

Jokingly referred to as 'yell at the EC,' this panel is intended to provide members with space to bring up any questions, comments, or concerns with the state of speech and debate in Texas or any other TFA initiatives. The hope is that this panel provides an opportunity for the state to come together outside of tournaments and the business meeting to discuss issues relevant to our profession.

Presenters: Texas Forensic Association Executive Council

A04 Expedition Interp: Brainstorm New Prose & Poetry Category Ideas

Room: The Workshop

Sponsor: University Interscholastic League

Coordinator: Barb Ixba, Westlake High School

Chair: Jana Riggins, University Interscholastic League

This will be the last year for our current UIL Prose & Poetry categories. If you would like to pitch an idea or two for the next set of categories, join this lively and creative discussion group.

Presenters: Jana Riggins, University Interscholastic League
M'Liss Hindman, Tyler Junior College

FRIDAY—PANEL A PROGRAMS
10:00-10:50AM

A05 Debate Workshop: Teaching Debate in the Middle School Classroom

Room: The Catalyst
Sponsor: Instructional Development in Middle Schools
Coordinator: Franz Hill, Bob Lanier Middle School
Chair: Franz Hill, Bob Lanier Middle School

Ask any sixth grader if they had art or music in elementary and you'll see nearly every hand go up. But ask if they had debate in elementary and you'll have maybe one or two who did UIL. We will lead a discussion on best practices for the beginner student all the way to the MS State Champion.

Presenters: Franz Hill, Bob Lanier Middle School
 Lindsey Petropoulos, Rice Middle School

A06 Conquering the Complexities of Coaching

Room: The Spark
Sponsor: University Interscholastic League
Coordinator: Barb Ixba, Westlake High School
Chair: Barb Ixba, Westlake High School

Sometimes it feels like the work of a Speech & Debate Coach never ends, and that makes it difficult to know where to start. Join this panel to share tips and tricks for navigating the school year.

Presenters: Barb Ixba, Westlake High School

A07 Creative Resistance: Literary Discovery Under Anti DEI Pressures

Room: The Lab
Sponsor: Texas Intercollegiate Forensic Association
Coordinator: Justin Blacklock, San Antonio College
Chair: Justin Blacklock, San Antonio College

In response to the shifting political landscape at both state and national levels, this panel addresses the increasing efforts to censor or delegitimize literature and scholarship associated with Diversity, Equity, and Inclusion (DEI) initiatives. Such developments pose particular challenges for educators engaged in creative and research-driven disciplines like competitive speech, where access to a wide range of texts is critical for both intellectual inquiry and performance development. This discussion will explore how educators can navigate these restrictions while maintaining academic integrity and fostering inclusive, critical learning environments. Panelists will consider strategies for ensuring student access to marginalized voices and for sustaining pedagogical spaces that prioritize growth, representation, and resistance through performance.

Presenters: Justin Blacklock, San Antonio College
 Dillon McCoy, San Antonio College
 Ryan Tinlin, University of Texas—Austin

A08 Debate, Discussion, and Dialogue: Comparative Discourse Models

Room: The Generator

Sponsor: Texas Forensic Association

Coordinator: Jenn Melin, Team Texas

Chair: Aaron Timmons, Greenhill School

The activity of debate has faced challenges in the past, but now it faces attacks from outside groups seeking its displacement. Discussion and dialogue have been proposed as alternatives. Consultants are being hired by districts and schools to advocate for replacing debate with "softer" options. However, debate offers unique benefits because it offers structure, rigor, and a demand for evidence-based reasoning that fosters critical thinking and persuasive communication. A deconstruction of the three discourse models shows the importance debate holds in our classrooms and communities.

Presenters: Aaron Timmons, Greenhill School

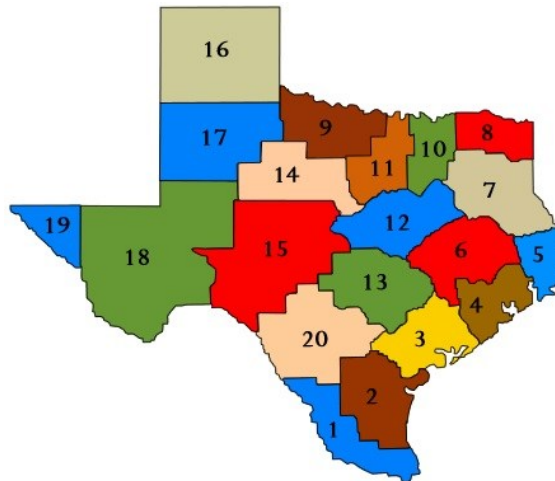

Cindi Timmons, Dallas Urban Debate Alliance

Guest of Honor

Texas Speech Communication Association
2025 Communicator of the Year

Denise Lee

"Everything begins with engagement. We don't always have to agree, but if we are open to an exchange of ideas, that can be a starting point that changes our society for the better. And that's where the Vision begins."

Denise Lee is an award-winning actor, singer, producer, and passionate advocate for social justice. After the tragic 2016 Dallas police shootings, Denise launched Community Conversation, the first initiative of its kind in North Texas, bringing diverse individuals together for raw, meaningful discussions about race, equity, and healing. Recognizing the need for deeper, sustained work, she founded Visions For Change, Inc., a nonprofit rooted in connection, empathy, and action.

A self-described Artist, Denise uses her cabaret productions and festivals to explore identity, justice, and belonging through performance. She also serves as Theater as Social Justice Strategist, helping artists and organizations connect their work to meaningful community change. Denise's commitment to the arts and advocacy extends into leadership roles. She currently serves on the Board of Directors for the AT&T Performing Arts Center and has contributed her expertise to Dallas Children's Theater. She also served as a member and Board Chair of the Dallas Street Choir, an ensemble giving voice to those experiencing homelessness.

Her work has earned numerous honors, including the Rudy Eastman Diversity Award, the 2019 Hero of Hope Award, the 2022 Broadway Dallas Fullinwider Award, the 2022 Dale Hansen Ally of the Year Award, the 2024 Irma P. Hall Award, and the Dallas Voice "Best Community Ally" in both 2024 and 2025.

INTEREST GROUP SESSION ONE

Friday, 1:30-2:50

The TSCA Convention provides the membership opportunities to connect and learn. Interest Groups ensure that professional development offerings are relevant to academic classrooms, competition teams, and speech educators. Planning for 2026 convention will begin in these meetings. Chairs and Vice-Chairs should generate panel ideas and get commitments from individuals willing to present. Based on those efforts, Chairs will create proposals to send to the Vice President. Planning should continue throughout the year to ensure the best possible offerings. This year, time has been added to these sessions to facilitate theme discussion, panel brainstorming, coordination between Interest Groups, and completion of the online report form. It should also give time to generate feedback on how to make the program development process better!

INTEREST GROUP SESSION TWO
Friday, 5:00-6:20

The TSCA Convention provides the membership opportunities to connect and learn. Interest Groups ensure that professional development offerings are relevant to academic classrooms, competition teams, and speech educators. Planning for 2026 convention will begin in these meetings. Chairs and Vice-Chairs should generate panel ideas and get commitments from individuals willing to present. Based on those efforts, Chairs will create proposals to send to the Vice President. Planning should continue throughout the year to ensure the best possible offerings. This year, time has been added to these sessions to facilitate theme discussion, panel brainstorming, coordination between Interest Groups, and completion of the online report form. It should also give time to generate feedback on how to make the program development process better!

Olle Middle School**D02 Rhetorical Fieldwork: Assessing the 2025 Inauguration in D.C.****Room:** The Generator**Sponsor:** Rhetoric and Communication Theory**Coordinator:** Randall Fowler, Abilene Christian University**Chair:** Randall Fowler, Abilene Christian University

Come hear the insights and observations of an ACU graduate student research team led by Dr. Randall Fowler that (tried to) attend the presidential inauguration in person. During their time in DC, this team took a civic communication course facilitated by The Washington Center, visited the National Archives to immerse themselves in past inaugurations, studied the symbolic landscape of the National Mall, and participated in the rhetorically charged events on inauguration weekend to better grasp the significance of the moment. While not everyone can go to D.C., the methods of evaluation they used—in situ rhetorical criticism—are accessible to anyone with an interest in understanding how communication events shape public discourse, shared memory, and political meaning in real time. Come hear about their experience and join the discussion!

Walk away with activities that make the concept of framework relevant, memorable, and impossible to ignore.

Navigating the Complexities of Speech Education in Texas

The Texas Forensic Association and Texas Speech Communication Association are excited to welcome Jarod Russell, the 2025 Invited Guest Lecturer. Jarod served as a public educator for seven years before going to law school. This experience, coupled with a master's degree in Educational Leadership, allows him to skillfully guide school officials through the legal requirements and complexities involved in operating a school district. He now counsels public schools and offers legal advice based on his invaluable experience in public education. He regularly gives presentations to school administrators and school board members on a variety of school law topics.

Jarod's expertise made him a perfect choice for this year's convention as we discuss navigating complexity. His training and background will provide unique guidance for members experiencing the challenges of a changing legislative landscape for education.

E03 Debate, Discussion, and Dialogue: Comparative Discourse Models

Room: The Spark

Sponsor: Texas Forensic Association

Coordinator: Jenn Melin, Team Texas

Chair: Aaron Timmons, Greenhill School

The activity of debate has faced challenges in the past, but now it faces attacks from outside groups seeking its displacement. Discussion and dialogue have been proposed as alternatives. Consultants are being hired by districts and schools to advocate for replacing debate with "softer" options. However, debate offers unique benefits because it offers structure, rigor, and a demand for evidence-based reasoning that fosters critical thinking and persuasive communication. A deconstruction of the three discourse models shows the importance debate holds in our classrooms and communities.
